- small fridge

# frequently asked...

## questions

We are not shy! Have another question?  
Shoot us an email and get in touch!

### **Q: ARE YOU INSURED?**

Yes! We have Commercial General Liability Insurance

### **Q: DO YOU HAVE ANY TECHNICAL REQUIREMENT?**

Yes! We need a standard 110v plug that will allow the fridge to work as well as the potlights and outlets inside the dreamer. We can work with your AV team to ensure the venue has the power we need to operate smoothly! For residential events, you also have the option to rent a generator in the rare case that the power supply is not sufficient.

### **Q. HOW BIG IS THE DREAMER?**

She is a WHOPPING 20' in length (including her tongue), 7'6" in width and 8'6" tall.

### **Q. CAN WE DECORATE THE DREAMER?**

We encourage it! The Dreamer loves to get adorned with flowers, balloons, and more! We can work with you to if you have any questions at all! We just ask that you be respectful and always ask before fastening or sticking anything to The Dreamer. She's very precious to us

### **Q. WHEN CAN WE RENT THE DREAMER?**

She is not winterized so during the winter season she hibernates with lots of blankets!

That being said, she stretches her legs and is ready to be rented starting late April and goes to sleep each November!

Let's do  
this!

**get in touch to book the dreamer for your next event!**
